## From the President

HAPPY NEW YEAR! I trust that everyone is well after the holiday season.

Please note that I will NOT nominate to be President this year. Following repairs to my caravan I will return to travelling for about four months each year during the U3A Darwin season as well as some overseas travel. A couple of veteran Board members will also not be standing.

HOW TO KEEP U3A DARWIN RUNNING IN 2026.

1. At the AGM on 19 March nominate to be a mandatory Office Bearer.

- President
- Vice President
- Honorary Secretary
- Honorary Treasurer

2. At the AGM on 19 March nominate to be an Other Member and lead activities such as speaker coordination, 5th Thursday excursions and Christmas luncheon coordinator

If a Board cannot be formed there is a process to dissolve the Association at a future Special General Meeting.

Brian Radunz

## Board Backchat – meeting of 20 November 2025

Six Board Members attended. Planning for the Christmas Luncheon held on Thursday 4 December was finalised. The major discussion was the end of financial year activities and preparation for the AGM on 19 March 2026.

Paperwork for the U3A Darwin Inc AGM is included with or in this newsletter.

- Please ensure you renew your membership (**form page 6**) so your vote counts in an election and to be eligible to nominate for a Board position.
- A nomination form is in the AGM documents accompanying this newsletter. A valid nomination requires compliance with the eligibility conditions on the reverse of the form.

### Our first hospital – Palmerston Hospital 1874-1942

From Janie Mason AM DLitt  
Nursing Museum, Charles Darwin University

[P2009.625, Foelsche Collection, National Library of Australia]

A fifth attempted colonial settlement of Australia's northern coast was finally to succeed from Goyder's survey party on Port Darwin in 1869. Originally the town was known as Palmerston [officially re-named Darwin in 1911 with the Commonwealth Government take-over]. It was expected to develop initial colonising needs of infrastructure, church, hospital, law court, etcetera, by private enterprise and at no cost to the South Australian Government. Its focus was on completion of its contract to build the overland telegraph line.

Darwin's first hospital was locally funded, with later reluctant funding from Adelaide, and opened its doors in 1874, five years after Goyder's arrival. It was sited then, out of town on Packard Street, on the cliffs overlooking the market gardens in Doctor's Gully. A significant donor in those early days was Louisa de Costa. Today, a park is named for her on a remnant piece of the old hospital site on the cliff edge.

## We had a great Christmas Party!

A BIG THANK YOU to all the Board members involved in organising our annual party, this time in a new venue, the Novotel Airport Resort. This is a very large complex, which confused a number of us who felt we needed GPS to get to our function room. And some found it was rather a trek to the bar!

We also really appreciated President Brian's slide show of a snowy winter holiday he'd taken at Lake Louise in Canada.

**Julie Schüller took the following photographs of the event.** Thank you!
